

FASTBET MOBILE™

MOBILE WAGERING

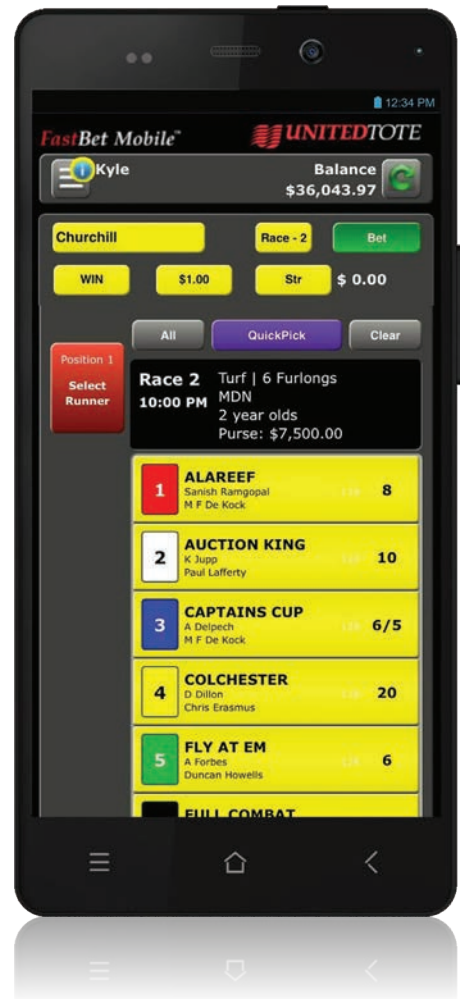

WIFI AND BEYOND

KEY FEATURES

- Turns customer's mobile device into their personal wagering terminal
- Supports all modern mobile operating systems and browsers
- Simple and user-friendly
- Keep handle on track
- Highly configurable to customer's needs

United Tote's FastBet Mobile™ is a user-friendly, browser based application that enables patrons to place wagers directly on their mobile devices while at any racetrack or OTB. They simply connect to the track's Wi-Fi network, access FastBet's site, create/login to their account and start wagering. Account balance is available across all United Tote wagering platforms; helping you further drive the adoption of account based wagering.
